HEORHII SHERSHERIIA

DESIGNER TEAM LEAD

I combine creative design, team leadership and automation. I develop people and build processes that help design teams work more efficiently. I work with core and advanced metrics: **CTR, CPC, CPM, CPA, CVR, ROI, Hook Rate, Hold Rate, EPC, RPC** and more.

EXPERIENCE AT EVADAV

Designer Team Lead

EVADAV / Jun 2025 - Sep 2026

01 Measurable results

+81% Team productivity	**+64%** Peak monthly profit
−53% AI generation costs	**+44%** Number of successful creatives

Monthly profit from the team's creatives peaked 64% above the pre-leadership monthly average. Achieved through ideas, analysis and creative production. Cut AI generation costs by 53% while maintaining output volume.

02 Systems & automation

Built KPI calculation systems and collaboration processes with media buyers. Developed plugins, scripts and spreadsheets, and introduced new workflows. Optimized costs without reducing salaries. Created hypotheses, concepts and creative variations that increased media-buying teams' ROI.

03 Leadership & people development

Led a team in **Performance Marketing and Product** across ADULT, SEARCH and APPS. Trained beginners from scratch to a strong skill level and individually coached experienced designers across each area. Managed onboarding and offboarding, worked with people of different ages and experience levels, and maintained a supportive team culture.

04 Confluence knowledge base

Wrote guides covering services, AI, workflows, role responsibilities, task estimation, website creation and the team's complete toolset.

Creative Designer

EVADAV / Aug 2024 - May 2025

Developed creatives for media buyers in **Performance Marketing, Product**, E-commerce, Search Arbitrage, APPS and ADULT (18+).
